Founded in 1995 in a garage in Mattapoisett, Massachusetts, AHEAD has since evolved into a leading provider of headwear, apparel, and accessories to the golf market. Our original inspiration was to add creative ornamentation to what was otherwise a very traditional and conservative product – golf headwear. Not only was this a smashing success but we paved the way for more creative and unique headwear in golf for years to come. We are still leading that charge across multiple product categories and today our products can also be found in the corporate, resort, and collegiate markets – as well as numerous professional golf events and at www.aheadusashop.com. We are continually exploring new and innovative ways to help our customers bring their logos to life. As a part New Wave Group out of Sweden since 2011, and with a culture focused on backing up great innovation with great service, AHEAD is poised to keep going strong. So as we reflect on 25 great years and look forward to the next 25 we thank our wonderful associates and the many loyal friends and customers that have supported us throughout the years.
ORNAMENTATION - MIX IT UP
Nobody has more ways than AHEAD to help you present your logo in so many eye catching, and innovative ways. With variety like this, people will jump to buy souvenirs when they come to visit you... and show them something different again next time!

Private Label

custom labels, personalized messages

The risk you run by shopping off of the rack is that your neighbor’s closet may look just like yours. Work with Ahead to tailor your private label headwear for just the right fit in your shop. Private label allows you to express yourself with custom haberdashery elements like printed seam taping, custom metal closure buckles, screen printed panels, and of course, custom woven labels. Choose your colors from bolts of traditional cotton or technical performance fabrics, select a style that suits you, and give us the nod... Ahead will chalk line the fabric, cut the patterns, and thread up the sewing machines!
