SHELF APPEAL
AHED’S SHELF APPEAL REVEALED

We hear it a lot: “Your caps are the Best!” But do you really know why? Look beyond Ahead’s industry leading alternative graphics & ornamentation techniques... the cap itself has what we know drives retail: Shelf appeal. Ahead caps have attention to detail that is unmatched. Superb fabrics, color coordinated la belts & printed taping, and that tour-tested, “as seen on TV” branding all help to make Ahead caps easy to spot, & easier to purchase. Take a look in your closet... we bet no 2 of your Ahead caps are exactly alike!

MERCHANDISING SHELF APPEAL 101

When building a headwear collection, the key to success lies in having a good assortment. Ahead was built around a concept of “the more you show, the more you sell”. Your customers have a wide range of interests, tastes and styles. In order to attract all of them to your collection, your headwear graphics and styles need to be varied too.

“Shelf Appeal” comes in many different forms. It can be as simple as changing up the sizes of your core logos. It can mean offering raised “bounce” stitch embroidery versus traditional direct embroidery. Twill or felt appliques add visual texture, and a tactile quality. A printed Vintage Label or Frayed Twill Patch gives a casual and tattered look that works great for the customer who prefers to wear mesh backed caps and jeans with holes in them. History majors may be drawn to established dates, student athletes to sports related graphics and conservative business majors to smaller logos on Ahead Oxford Prep conservative/preppy headwear styles (they look great with bow ties and blazers).

In the end, you simply need as many different “looks” as you can showcase as a means of getting a sale from everyone who walks up to the cap wall.

The more you show, the more you sell.

Class dismissed...
AHEAD'S WOODSHOP

What? Doesn’t EVERY headwear/apparel/accessories company have it’s own on-site woodshop, stocked with oodles of lumber, and manned with an experienced crew of former ship builders?

Ahead’s craftsmen have designed and built custom cabinetry for some of the finest resorts including the Hard Rock Hotel and Pinehurst Resort!

Every retail environment has it’s own personality. Ahead’s woodshop staff understands this, and injects a tailored look & feel into each piece they build.
**CUSTOM KNIT HATS**

*Knit hats are hot!*

You’ve seen them on your favorite QB in the post-game press conference, and now Ahead’s new Custom Knit program allows you to get that pro football sideline look right in your own shop! Pom or no pom? Cuff it, or forget it? Huddle with your staff to decide, and then rouse your fans with knit-in words and custom graphics, as well as direct embroidery for more intricate logos. However you draw them up, they are sure to break loose for a big gain!

Who wants to be a Milliner?

The risk you run by shopping off of the rack is that your neighbor’s closet may look just like yours. Work with Ahead to tailor your private label headwear for just the right fit in your shop. Private label allows you to express yourself with custom haberdashery elements like printed seam taping, custom metal closure buckles, screen printed panels, and of course, custom woven labels. Choose your colors from bolts of traditional cotton or technical performance fabrics, select a style that suits you, and give us the nod... Ahead will chalk line the fabric, cut the patterns, and thread up the sewing machines!
